# hearingplan

a great way to look after your hearing!

**Hearingplan is a comprehensive hearing care package specially designed to provide you with access to the very best hearing care at an affordable price.**

Under the scheme you will receive personalised care from our specialist audiologists, including all your scheduled appointments and any emergency appointments.

As a scheme member we can separately offer you better value products or additional services - whatever your budget, you will get more for your money!

In addition, your repairs or replacement parts are free or significantly reduced in price.

## Here's how it works

Hearingplan is a membership programme that spreads the cost of your hearing care. As a member we are also able to offer preferential pricing on new technology if you choose to upgrade your hearing aids, as well as offers on sundry items.

You will be asked to register for the scheme and a Direct Debit arrangement will be set up. Your payments are then protected by the Direct Debit Guarantee. It's as simple as that.

Hearingplan is provided by your own audiologist and payments are managed by SafeDebit Ltd.

## How much does it cost?

Your monthly Hearingplan fee is set by your audiologist and will depend on the treatment package and your individual needs. Ask your audiologist for your fees and consider the benefits – it will be cheaper than you think!
